

May 24, 2024

Hi City of Grafton Residents and Small Businesses,

We have good news for you. Your community has chosen Homefield Energy as its supplier for its electric municipal aggregation program through December 2025. That means **City of Grafton, IL** negotiated a price-protected electricity rate on your behalf, and you don't have to worry about fluctuating rates. You will automatically be enrolled in the program as a City of Grafton resident – and there are no fees to switch or cancel.

Here Is What You Can Expect

- You will receive the following exclusive pricing. Prior to the end of each term, you will receive a new notice updating your community pricing.

Term End	Base Rate	Capacity Charge*	Total Fixed Price Per Term
July 2025	\$0.08957	\$0.00304	\$0.09261/kWh \$0.08957/kWh + \$0.00304 Capacity Charge*
December 2025	\$0.08957	TBD	TBD \$/kWh \$0.08957/kWh + TBD Capacity Charge*

- Your total fixed price per kWh consists of a base price and a capacity charge which will be calculated in April each year. Prior to the end of each term, you will receive a new opt-out notice describing the total price resulting from the sum of the capacity charge and the base price.
- You will continue to receive one monthly invoice from Ameren, your local utility. You will notice the line item under the supply portion will list Homefield Energy along with this negotiated rate on your invoice following successful enrollment in the program.

Your Options as a Customer

If you choose not to participate in this program, please contact Homefield Energy by returning the enclosed opt out card or calling (866) 694-1262 **by June 14, 2024** regardless if you've opted out of programs in the past. To learn more about the program, please review the enclosed Terms and Conditions or visit our website at www.Homefield Energy.com.

You also have the option to purchase electricity from a Retail Electric Supplier, or from Ameren without penalty pursuant to Section 16-103 of the Public Utilities Act. Information can be found at www.PlugInIllinois.org and www.Ameren.com. You may request from the Illinois Power Agency, without charge, a list of all supply options available to you in a format that allows comparison of prices and products.

Homefield Energy is an independent seller of power and energy service and is certified as a Retail Electric Supplier by the Illinois Commerce Commission (ICC Docket No. 14-0015).

We look forward to serving you!

Sincerely,
City of Grafton
