

HOMEFIELD ENERGY

P.O. Box 650764
Dallas, TX 75265

Welcome to the
Village of Malden
Electric Municipal Aggregation Program

May 15, 2024

Dear Village of Malden Residents and Small Business Customers,

We have good news for you. Your community has chosen Homefield Energy as its supplier for its electric municipal aggregation program through September 2024. That means **Village of Malden, IL** negotiated a price-protected electricity rate on your behalf, and you don't have to worry about fluctuating rates. You will automatically be enrolled in the program as a Village of Malden resident – and there are no fees to switch or cancel.

As an eligible participant, there are two supply options available to you – a Traditional option where the energy is supplied through traditional generation sources and a 100% Renewable option where 100% of your energy comes from renewable energy sources. Participants will be automatically enrolled in the Traditional program unless you call and request the 100% Renewable or “Green” energy option. Prior to the end of each term, you will receive a new notice updating your community pricing. You will receive the following exclusive pricing.

Traditional Energy- Default Program

Term End	Electricity Rate	Capacity Charge*	Total Fixed Price Per Term
September 2024	\$0.07931	\$0.00366	\$0.08297/kWh (\$0.07931/kWh + \$0.00366 Capacity Charge*)

Renewable Energy- Optional Program

Term End	Electricity Rate	Capacity Charge*	Total Fixed Price Per Term
September 2024	\$0.08242	\$0.00366	\$0.08608/kWh (\$0.08242/kWh + \$0.00366 Capacity Charge*)

- Your total fixed price per kWh consists of a base price and a capacity charge.
- You will continue to receive one monthly invoice from Ameren, your local utility. You will notice the line item under the supply portion will list Homefield Energy along with this negotiated rate on your invoice.

Your Options as a Customer

If you choose not to participate in this program, please contact Homefield Energy by returning the enclosed opt out card or calling (866) 694-1262 **by July 5, 2024**, regardless if you've opted out of programs in the past. To learn more about the program, please review the enclosed Terms and Conditions or visit our website at www.HomefieldEnergy.com.

You also have the option to purchase electricity from a Retail Electric Supplier, or from Ameren without penalty pursuant to Section 16-103 of the Public Utilities Act. Information can be found at www.PlugInIllinois.org and www.Ameren.com. You may request from the Illinois Power Agency, without charge, a list of all supply options available to you in a format that allows comparison of prices and products.

Homefield Energy is an independent seller of power and energy service and is certified as a Retail Electric Supplier by the Illinois Commerce Commission (ICC Docket No. 14-0015).

We look forward to serving you!

Sincerely,
Village of Malden
